Brit. J. prev. soc. Med. (1971), **25**, 245–246

INDEX TO VOLUME 25, 1971

Abortion in neural tube defect fraternities, 220
—, seasonal distribution of, 222
ACHESON, R. M.: *see* KELSEY, J. L., etc., 177
ADELSTEIN, A. M., HILL, G. B., and MAUNG, L.: Mortality from carcinoma of the uterus—an international cohort study, 186
Adiposity, some mathematical properties of weight-for-height indices used as measures of, 42
Africa, arterial blood pressures and hypertension in an urban population sample in, 26
ALDERSON, M. R., and NAYAK, R.: A study of space-time clustering in Hodgkin's disease in the Manchester region, 168
Anencephalus and water hardness in south-west Lancashire, 217
—, comparison of variations in Belfast and four Scottish cities in the incidence of, 1956–66, 17
Angina pectoris, comparison of teaching machine with an observer in detection of, 105
Antepartum haemorrhage, and manifestations of cerebral dysfunction in infancy, 135
Anthropometric study of women with cancer, 65
Asthma deaths, geographical variations in the epidemic of, 34

BEAZLEY, J. M., HURLEY, R., MIDDLEBROOK, C., and RUMPUS, M. F.: Rubella vaccination in the puerperium, 140
Belfast, comparison of secular and seasonal variations in the incidence of anencephalus in, 17
BENN, R. T.: Some mathematical properties of weight-for-height indices used as measures of adiposity, 42
BENNETT, A. E.: *see* GARRAD, J., etc., 97
Birth weight, factors influencing, 12
BJELKE, E.: Variation in height and weight in the Norwegian population, 192
Blood pressures, arterial, and hypertension in an urban African population sample, 26
BRINKLEY, D., CARPENTER, R. G., and HAYBITTLE, J. L.: An anthropometric study of women with cancer, 65

Cancer, an anthropometric study of women with, 65
—, interaction of infectious disease with, 152
Carcinoma of the uterus, mortality from, 186
CARPENTER, R. G.: *see* BRINKLEY, D., etc., 65
Case-control studies, attributable risk per cent in, 242
Central nervous system, malformations of, in Glasgow, 210
Cerebral dysfunction, manifestations in infancy, and their association with toxaemia and antepartum haemorrhage, 135
Cerebrovascular disease, age and sex trends in, 84
CHESTER, R.: Health and marriage breakdown—experience of a sample of divorced women, 231
Chronic disease and disability, interview schedule for use in population surveys of, 97
Cigarette smoking by hospital patients, 160
COCHRANE, A. L., and MOORE, F.: Expected and observed values for the prescription of vitamin B_{12} in England and Wales, 147
COLE, P., and MACMAHON, B.: Attributable risk percent in case-control studies, 242
COLLEY, J. R. T.: *see* RUIZ, L., etc., 165
Community, and sport participation, 114
Congenital defects, incidence of, in South Wales 1964–6, 59
Contraceptives, oral, and peptic ulceration, 144
Coronary heart disease, prediction of, from minor symptoms and electrocardiographic findings, 94
'Cot death', epidemiology of, in Northern Ireland, 119
CSIMA, A.: *see* HEWITT, D., etc., 174

Deaths, epidemiology of sudden 'cot', 119
—, geographical variations in the epidemic of asthma, 34
DEUTSCHER, S., ROBERTSON, W. B. C., and SMITH, A. P.: Age and sex trends in ischaemic heart disease, cerebrovascular disease, hypertension and diabetes, 84
Diabetes, age and sex trends in, 84
Diagnostic coding, comparison of, by manual and computerized methods, 225
Divorced women, health of, 231
DOLL, R.: *see* FRASER, P., etc., 34
—: *see* GLOBER, G., etc., 144

Edwards' criterion of seasonality, and a non-parametric alternative, 174
Electrocardiographic findings, use of, for predicting coronary heart disease, 94
ELWOOD, J. H., and MACKENZIE, G.: Comparisons of secular and seasonal variations in the incidence of anencephalus in Belfast and four Scottish cities 1956–66, 17
Emergency admission, effects of methods of, on use of hospital beds, 1
England, expected and observed values for the prescription of vitamin B_{12} in, 147

FAIRBAIRN, A. S.: *see* GLOBER, G., etc., 144
FEDRICK, J., and WILSON, T. S.: Malformations of the central nervous system in Glasgow—an examination of the evidence for clustering in space and time, 210
FIELDING, D. W., and SMITHELLS, R. W.: Anencephalus and water hardness in south-west Lancashire, 217
FRASER, P., and DOLL, R.: Geographical variations in the epidemic of asthma deaths, 34
FROGGATT, P., LYNAS, M. A., and MACKENZIE, G.: Epidemiology of sudden unexpected death in infants ('cot death') in Northern Ireland, 119

GANDEVIA, B.: *see* HALL, G. J. L., etc., 109
GARRAD, J., and BENNETT, A. E.: A validated interview schedule for use in population surveys of chronic disease and disability, 97
GAY, T. J. A.: *see* JOHNS, M. W., etc., 236
Glasgow, malformations of the central nervous system in, 210
GLOBER, G., DOLL, R., FAIRBAIRN, A. S., and VESSEY, M. P.: Peptic ulceration and the use of oral contraceptives: a negative correlation attributable to the disease?, 144
GOODYEAR, M. D. E.: *see* JOHNS, M. W., etc., 236

HALL, G. J. L., and GANDEVIA, B.: Relationship of the loose cough sign to daily sputum volume, 109
HAMILTON, P. J. S.: *see* RUIZ, L., etc., 165
HANDYSIDE, A. J.: *see* MORRIS, D., etc., 1
HAYBITTLE, J. L.: *see* BRINKLEY, D., etc., 65
Head injuries, characteristics and mortality of patients with, 179
Health and marriage breakdown, 231
Height and weight, variation in, in Norwegian population, 192
HEWITT, D., MILNER, J., CSIMA, A., and PAKULA, A.: On Edwards' criterion of seasonality and a non-parametric alternative, 174
HILL, G. B.: *see* ADELSTEIN, A. M., etc., 186
Hodgkin's disease, space-time clustering in, in Manchester region, 168
Hospital beds, effects of methods of admitting emergencies on use of, 1
— patients, cigarette smoking by, 160
HOWELL, R. W.: A comparison of diagnostic coding by manual and computerized methods, 225
HURLEY, R.: *see* BEAZLEY, J. M., etc., 140
Hypertension, age and sex trends in, 84
—, in an urban African population, and arterial blood pressures, 26
